

LISTER WILDER

DYNO HEALTH CHECK

for **ONLY £100**

Under powered machinery reduces productivity therefore costing you time and money. From as little as £100 we can accurately test your tractor (most makes and models).

Using the latest dynamometer, it's a simple and effective way of highlighting any power problems, water leaks, oil leaks and fuel injection problems and allows our engineers to quickly diagnose faults.

The fully mobile, trailer mounted, Sigma 5 machine, allows the test to take place at a time and location of your convenience.

Please just contact your local service manager today.
